Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English. Brand new Book. The game of soccer is perpetually in a constant state of change; as new tactical trends appear each and every season. As we look at the history of soccer, the changes in formations are pronounced. The original formations have been compared to inverted or upside down pyramids, with 7 attacking players up top and only 2 in the back. As the game progressed, the pyramid completely turned around, as seen with the 4-2-3-1 formation, which took on a realistic pyramid...
